

**A FREE WEBINAR FOR HEALTH CARE  
PROVIDERS IN MONTANA**

# **Reactive Airways Disease vs Asthma**

Presented by the Montana Asthma Control Program and:

**Michael Zacharisen, MD**  
Family Allergy & Asthma Care of Montana

This presentation has been submitted for approval for 1 hour of continuing education credit with the **Montana Board of Pharmacy** and the **Montana Board of Respiratory Care Practitioners**.

**Thursday, August 20, 2015**  
**12:00 PM—1:00 PM MST**

E-mail [avongohren@mt.gov](mailto:avongohren@mt.gov) to receive an electronic invitation to attend.

*All Montana health care providers are encouraged to participate in this **free** webinar.*

## **OBJECTIVES**

1. Define and differentiate reactive airways disease from asthma;
2. List the various phenotypes of wheezing in young children and the risks of developing asthma; and
3. List reasons for using specific terminology when describing airway diseases.
